

For Immediate Release

COSOL WECOMES NEW CHIEF FINANCIAL OFFICER, MELANIE WOODWARD

Brisbane, 27 Nov 2018: The Board of Directors of COSOL is pleased to announce the appointment of a new Chief Financial Officer, Melanie Woodward.

Melanie joins COSOL with a strong operational background after spending 21 years in her previous role as Director of Operations at Tactical Global Management Limited. Her outstanding work has led to Melanie being named 'CFO of the Year 2018' in the Women in Finance Awards, a nationwide accolade.

Q&A with Melanie

What attracted you to COSOL?

"Coming from a small SME, I was looking for a CFO role in a larger SME, one that was in a growth phase, innovative and diverse. When I met with the first panel, I got a good sense of the culture and the business and really gelled with those people. I was excited to progress and thought that COSOL and I would be a good fit."

What will you be bringing to COSOL from your previous role?

"I have extensive finance, governance and risk management experience, in particular setting up good, robust internal business systems. What I understood coming in is we need enhanced governance and risk management systems that are appropriate to a business with our growth rates and expansion trajectory. I'm excited to be able to bring that experience and add some value."

What are your goals for your new role?

"To make a difference and add value, partner with the CEO and allow him to concentrate on the front end of the business. Also, to give him confidence that the engine of the business is ticking along really well, and ensure that he and the Board can get the information they need in a good format to make decisions."

"We're very pleased Melanie decided to join us at COSOL and share with us her vast experience in Finance, Risk Management, Office Management, Business Processes and Operations of Boards. In addition, Melanie was recently named the 2018 CFO of the Year at the Women in Finance Excellence Awards, which is a wonderful achievement" said Greg Wood, Executive Director and Chairman of the Board.

Scott McGowan, CEO commented "As part of COSOL's continued growth strategy, we are thrilled to welcome Melanie to the Executive team as Chief Financial Officer. I look forward to working closely with Melanie as we build out a sustainable platform for continued growth."

Melanie added "I am thankful for the opportunity and look forward to working with everyone in the future."

END

About COSOL Pty Ltd

COSOL is a global, professional service provider, specialising in providing strategic advice and practical delivery to optimise our clients' business processes and technology systems. COSOL is a privately held Australian Company that celebrated 18 years of servicing customers in 2018. Our specialists have a valuable combination of asset intensive industry experience and technology systems expertise. The combination of this and our product suite enable us to strategically plan, design, deliver and optimise operational systems and enterprise systems, continually optimise business processes and efficiently solve the most complex issues.
